Dear Sir/Madam

The Hoystings Old Dover Road Canterbury

It is our understanding that this residential property is owned by the City Council. Our attention has been drawn to its current somewhat run- down condition. and we would be grateful to know if there are any plans to maintain it to the standard it deserves.

It is a Grade 2* Listed building, which shows its importance as only 2.5% of Listed buildings are in this category.

It is hoped that you will be able to reassure us that the matter will be reviewed without delay. Could you please also let us know what is the current use of the building?

Many thanks in anticipation of your reply.

Yours Faithfully
